20 minutes

Fill It In with Playdough

Description

Fill in the natural world templates using playdough.

Competencies

- Development of fine motor skills
- Spatial relationships

Materials

- Playdough in various colours
- Optional: crayons for colouring if playdough is not available
- Optional: cardstock

Preparation

- Print the templates using cardstock if available
- If desired, cut out the various images and provide participants with a set number of images to work on
- Prepare the room for a program that uses playdough

Implementation

1. Distribute the template to participants and their caregivers
2. Participants can be encouraged to use the playdough colours that best represent the image
